**ALL APPLICANTS FOR SERVICE ARE NOTIFIED OF MOULTON CITY
ORDINANCE:**

Section 106.12 PRIVACY ACT NOTICE:

The Privacy Act of 1974 requires that when we ask for your Social Security number or Employer Identification Number, we must tell you our legal right to the information, the purpose for asking for it and how it might be used. We must also inform you what could happen if you do not provide it and whether or not you must respond under law.

Under Federal Law, all persons are notified that providing your social security number is voluntary to receive garbage utility service through the City of Moulton. You will not be denied utility service if you do not provide it, however, we require additional service initiation (hook-up) fee. In order to obtain garbage utility service through the City of Moulton, you must choose one to provide either a \$300.00 fee or a \$150.00 fee and the showing of two forms of personal information: a lawfully obtained and used Social Security number or a state issued Driver's License or state issued Identification card. We have the right to ask for these forms of identification because we are a local government extending you credit and providing a utility service to you. The City of Moulton holds that information confidential. The City of Moulton seeks this information because we have costs which are associated with the start-up of utility service: the Clerk's time to provide you with this form, and process the form, to identify that you are who you say you are, to call to initiate your service, possibly calls to or by other City employees, and the Clerk's time to set up your service and billing account, both on the computer and in files. It is more difficult to verify identity without identification documents. The City of Moulton will not disclose your Social Security number or Driver's License/State Id., except to pursue collection actions against you through the Courts or a collection agency, if you have a delinquent bill, or under Court order. At the time you provide your Social Security number or Driver's License/State Id., you will be asked to sign a written consent for the City to disclose your Social Security number for these purposes. Although the City has an open records state law requirement and policy for City business, your Social Security number is protected and will not be disclosed.

_____ I have read and understand the above notice and choose to provide my Social Security Number or Employer Identification Number and \$150.00 fee.

_____ I have read and understand the above notice, decline to provide my personal identification documents listed above and choose to provide the City of Moulton with a \$300.00 fee.
